

What if you could hire sales professionals who could achieve your business revenue goals—guaranteed?

Now you can.

Predictive Profiles can ensure the growth and success of your business by helping you hire the right sales professionals. We offer screening and hiring tools designed specifically for predicting and measuring the likeliness of success for sales positions.

The Predictive Profiles online assessment is easy to use and generates an instant electronic report. In addition, we work with you to interpret the results. Predictive Profiles—we take the mystery out of filling your most critical sales positions.

Our sales profiles allow you to:

- *Measure the candidate's ability to grow new revenue channels and maintain existing business.*
- *Identify and measure the characteristics of successful competitive sales people.*
- *Select and develop relationship-building sales professionals.*
- *Determine if the candidate will fit into your business culture.*
